KNOW YOUR MONEY!**

**Don't Be Fooled by  
Forgers  
KNOW YOUR ENDORSERS!**

**The Government never redeems counterfeit money!**

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

**PORTRAIT** *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

*Genuine*—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

**COLORED SEAL** *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

*Genuine*—Saw-tooth points around rim are even and sharp.

**SERIAL NUMBERS** *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

*Genuine*—Figures firmly and evenly printed, well spaced.

**PAPER** *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

*Genuine*—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

# INTRODUCTION

## and GENERAL INDEX

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1956 edition of the Ames City Directory, which also includes Cambridge, Collins, Colo, Fernald, Gilbert, Huxley, Kelley, Maxwell, McCallsburg, Nevada, Roland, Slater, Story City, Zearing, and the farmers of Story County.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames Directory will fulfill its mission as a source of authentic information pertaining to the community.

### Ten Major Departments

The ten major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Ames is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city.

II. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Ames, is the second major department, printed on pink paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

III. NUMERICAL TELEPHONE DIRECTORY for Ames, printed on blue paper is the third major department.

IV. THE BUYERS' GUIDE is the fourth major department printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Ames and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a sur-

vey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Ames, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

V. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Nevada is the fifth major department, printed on white paper.

VI. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Nevada, printed on pink paper, is the sixth major department.

VII. NUMERICAL TELEPHONE DIRECTORY for Nevada, printed on blue paper is the seventh major department.

VIII. THE CLASSIFIED BUSINESS DIRECTORY, is the eighth major department, printed on yellow paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

IX. THE STORY COUNTY DIRECTORY, covering the small towns of the county, is the ninth major department, printed on white paper.

X. THE STORY COUNTY FARMERS DIRECTORY is the tenth major department, printed on white paper.

### **Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ames and vicinity.

### **The Ames Directory Library**

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

### Iowa State College

Iowa State College of Agriculture and Mechanic Arts was founded in 1858, nine years after the first settler built his cabin in Story County. The college is a Federal Land Grant Institution.

The college land in the vicinity of Ames covers 5,000 acres, with 845 acres in the main campus and recreation areas, the rest largely in experimental farms; total book value of land in Ames vicinity, \$952,000.

Number of short courses on campus July 1, 1954 to July 1, 1955, 97.

Attendance, 15,585.

I. S. C. Dairy Farm, a mile south of the Campus. Here students learn by actual demonstration with a herd of 300 registered dairy cows of various breeds.

College Enrollment (Fall Quarter of 1955), 9,176.

Staff (Regularly appointed on a full time, or equivalent basis), Instructional (including deans and directors), 974; Graduate Assistants, 360; County Extension directors, home economists and youth assistants, 244; Clerical, 355; other, 935; total, 2,868.

Major College Buildings on campus and adjacent areas near Ames (buildings with an inventory value of \$50,000 or more), 56.

Total College structures of all kinds on campus and adjacent areas (includes farm buildings, garages, tool houses, etc., but does not include buildings in Pammel Court), 374. Neither of the above items includes buildings of the Ames Laboratory of the United States Atomic Energy Commission, Alumni Hall, Memorial Union, I. S. C. Press, etc. In addition, the college owns some buildings at the Ankeny farm, and one some outlying farms.

Total value of educational plant, including land, buildings and equipment, \$25,943,845.

Total value of plant of auxiliary enterprises (dormitories and tenant properties), \$6,675,992.

Total value of plant owned by associated groups (Memorial Union, Alumni Hall, ISC Press, United States Atomic Energy Commission), \$8,296,081.

Total Plant, \$40,915,919.

The total cash received by Iowa State College during the fiscal year ending June 30, 1955, from outside sources was \$25,628,715.

For the year, the college received \$1,215,754 in student educational fees and tuition.

For the year, the college received \$7,636,477 in state appropriations.

For the year, the college received \$1,622,383 in federal appropriations.

Main division: Agriculture, Engineering, Science, Home Economics, Veterinary Medicine.

A national leader in its field, the college has a three-fold function:

It offers resident instruction on both the undergraduate and the graduate level;

It maintains an extensive program of research;

It reaches every corner of the state through extension service in agriculture, home economics and engineering.

The research facilities of the college include the Agricultural Experiment Station, the Engineering Experiment Station, the Institute for Atomic Research, the Industrial Science Research Institute, the Statistical Laboratory and the Veterinary Medical Research Institute.

The U. S. Atomic Energy Commission has a major laboratory for basic research on the campus, operated as an integral part of the Institute for Atomic Research.

### **The Iowa State Highway Commission**

The Iowa State Highway Commission was created in 1904 as a function of the Engineering Division of Iowa State College. In 1913 it was established as an independent department of the State government.

The office at Ames is the headquarters for the state. In addition, there are six districts and 23 construction and 24 maintenance offices located throughout the state.

The physical plant on Lincoln Way consists of one main office building, four annex office buildings, testing laboratory, storage buildings, garages, and a central repair shop and heating plant.

The Highway Commission has supervision over 9,715.2 miles of primary roads in the state, and joint control with the 99 boards of supervisors over 34,152.10 miles of farm-to-market roads. The annual business is approximately \$61,780,000.00-\$46,800,000.00 expenditures on primary roads for construction, maintenance, right-of-way, engineering, traffic safety, accounting and legal counsel, and \$14,980,000.00 expenditures on farm-to-market road construction. Since the first law was enacted in 1917, accepting Federal aid, \$849,288,419.45 has been spent on the primary road and farm-to-market road systems under the Commission's supervision.

The Commission employs 2,675 engineers, administrative assistants and maintenance men in all of its departments of which 549 are located at Ames.

The Commission, on request, renders engineering assistance to various other state departments. This includes the making of surveys and preparation of plans and general supervision of construction and maintenance of public highways upon or adjacent to lands belonging to the state at the various educational, charitable and penal institutions, and at state parks, engineering assistance to the executive council on street improvements on and adjacent to the capitol grounds, assistance to the National Guard on projects in connection with the national guard camp, and various other technical matters which may come before such other state departments.

### Ames Public Schools

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames public schools offer a splendid opportunity for the education of the children of the city. The school plant comprises eleven buildings, with a present total valuation of \$3,775,000. These include the \$1,179,150 High School building with its splendid auditorium and gymnasium facilities; the Central Junior High School; the Welch Junior High and Elementary Schools; the Beardshear, Crawford, Edwards, Lincoln, Meeker, Roosevelt and Whittier elementary schools; the Ruth B. Willson Opportunity School; and the Field House. A fine stadium and lighted athletic field also are a part of the school plant.

Pupil enrollment for 1955-56 is 3,462. The teaching staff numbers 152, and there are 31 other personnel—secretaries and custodians. The Ames Schools have a fine staff of supervisors who give guidance on the curriculum areas at all levels.

Two bond issues carried successfully four years ago and made it possible for Ames to have two new modern elementary schools and a replacement for the Ruth B. Willson School. Plans are now being made for additional classrooms to be added to some of the existing elementary buildings and the present Central Junior High School. While the enrollment of the Ames Public Schools has been increasing by about 200 children each year, the average teach-

ing load has been kept below 30 children per teacher by providing additional classroom space and more teachers.

### Conclusion

From the foregoing factual data, it can be seen that Ames offers many advantages—social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

Ames is truly a CITY OF OPPORTUNITY.

# Want to meet 30,214,172 Friends?

This year, R. L. Polk & Company's new "circulation list" of passenger car and truck owners in the entire United States totals 30,214,172 names . . . the major American market for *all* consumer goods.

Through this great "circulation list," and through Polk's nation-wide direct mail advertising distribution facilities, the greatest industries in the nation reach *their own selected markets* for their own products . . . and each advertising message carries the local retail dealer's identification, to *his own selected prospects in the area he serves*.

Annually, this world's greatest "circulation list" is *entirely rebuilt* . . . to serve industry in helping to move the goods and services that keep our economy rolling.

## POLK'S AMES

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1956

Copyright, 1956, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

# U. S. POSTAL INFORMATION

## POSTAGE RATES AND CLASSIFICATION

For information regarding classification, postage rates, and mailability of domestic mail of all classes, entry and mailing of publications as second-class matter, metered and permit mail, bulk rate mailings of third-class matter, Business Reply Cards and Envelopes, apply at your local post office.

### DOMESTIC POSTAL RATES

#### First-Class

**LETTERS:** 3 cents for each ounce or fraction of an ounce. (Local delivery same rate.)

**POST CARDS or POSTAL CARDS:** 2 cents each within prescribed sizes.

**BUSINESS REPLY CARDS:** 3 cents each; Air Mail, 5 cents each.

**BUSINESS REPLY ENVELOPES:** Business reply envelopes 1 cent in addition to regular postage. Apply at Post Office for Permit.

#### Second-Class

**NEWSPAPERS AND PERIODICALS** (Transient rate): 2 cents for the first 2 ounces, and 1 cent for each additional 2 ounces or fourth class rate, whichever is lower.

#### Third-Class

(Limit 8 ounces)—On circulars and other miscellaneous printed matter, also on merchandise, 2c for the first 2 ounces or fraction, plus 1c for each additional ounce or fraction.

On books and catalogs having 24 or more pages; also, seeds, cuttings, bulbs, roots, scions, and plants—2 cents for first 2 ounces and 1½ cents for each additional 2 ounces.

#### Bulk Rate

For Details Consult Your Local Postmaster

#### Fourth-Class—(Parcel Post)

The present size and weight limits for fourth class (parcel post) will continue to apply in all cases except for parcels mailed at a first class office for delivery to another first class office in which case the size is limited to 72 inches length and girth, 40 pounds in weight to the local first and second zones, and 20 pounds in weight in the third to the eighth zones. Exceptions to the new size and weight restrictions are:

(1) Baby fowl, live plants, trees, shrubs, or agricultural commodities (not including manufactured products thereof).

(2) Books, permanently bound for preservation, consisting wholly of reading matter or reading matter with incidental blank spaces for students' notations and containing no advertising matter other than incidental announcements of books.

(3) Parcels mailed in the United States, including the District of Columbia, for delivery by any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, or mailed at any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, for delivery in the United States, including the District of Columbia, or any Army or Fleet post office or any Territory or possession thereof, including the Canal Zone and Trust Territory of the Pacific Islands.

It is not contemplated that the provisions of this law shall be evaded or circumvented by diverting parcels exceeding the prescribed limits of size and weight from first class offices and mailing the parcels at offices of the second, third or fourth class or on rural or star routes.

### AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

# CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

# World's "Largest Circulation"

**N**ames and addresses of 39,977,700 passenger car owners and 8,427,900 truck owners . . . families and concerns who buy more than three-fourths of the nation's consumer goods . . . arranged by street and number . . . by city, county and state . . . by make of vehicle and year model . . . are available to the nation's largest advertisers. Yearly, R. L. Polk & Co. compiles for the automotive industry the official registration list of car and truck owners — the largest, most accurate mailing list in the world.

Through this great "circulation list," and through Polk's nation-wide direct mail advertising distribution facilities, the automotive industry and hundreds of other major concerns reach selected markets for their products . . . send advertising messages pin-pointed to the very prospect or customer they wish to reach . . . each advertising message imprinted with the local dealer's firm name and address, and sent to his own selected sales territory.

This world's greatest "circulation list" is a major sales tool used by industry to help move the goods and services that keep our economy rolling, helping to sell not only automobiles, but oranges, magazine subscriptions, vacation tours, and household appliances.

# A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

**1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4** A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

**5** A *Statistical and Historical Story* of your city; plus miscellaneous other information.

## WHY A BUYERS' GUIDE?

★ It is customary to include a Buyers' Guide in the City Directory because !!!

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . **EXTENDED**

★

**P** The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

## CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

**1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4** A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

**5** A *Statistical and Historical Story* of your city; plus miscellaneous other information.

# NEVADA

## Statistical Review

**Location**—In the geographic center of Story County on U. S. Highway No. 30. On the main line of the Chicago & Northwestern running from Chicago to Omaha and the West Coast. On the Rock Island line running from the Twin Cities to Kansas City and all points south. Bus service both north and south and east and west. Motor-freight facilities to all points.

**County Seat of Story County**—Located June 27, 1853, by commissioners appointed by the State Legislature of Iowa, and land entered July 1, 1853. Near the geographic center of Iowa and in the greatest agricultural area in the world.

**County Court House**—Here are centered all branches of county government.

**County Extension Office**—Here are centered all the activities of the Story County Farm Bureau, organized in 1917, supporting a definite educational program for agriculture.

**Story County 4-H Clubs**—County-wide activities centered in Nevada. Permanent Story County 4-H Fair grounds, where yearly are shown 800 or more exhibits of live stock and poultry in the 4-H barns, which are visited by thousands of persons from over Story County during the fair. Rally Day by the county-wide Girls' 4-H, where the annual election of officers and other activities are held each June, in the Nevada Community building at the 4-H grounds. This building also houses the Girls' Achievement exhibit during the 4-H Fair. Story County 4-H Club membership (boys and girls), approximately 600.

**Communications**—Iowa Continental Telephone Co.; Western Union Telegraph Co.; County sheriff and City police radio police system.

**Air Service**—Nevada Flying Service; chartered trips; student instruction.

**Newspaper**—Nevada Evening Journal, daily except Sunday since 1929; under same management for over 50 years; county-wide circulation.

The office of the AAA is located in Nevada.

The parks are under the administration of a park board.

Nevada is the grain center of Story County, serviced by two modern elevators, one on each railroad.

Nevada's modern, up-to-the-minute stores, which cover ten city blocks, carry all lines of merchandise, which attract shoppers from a wide trading area. Socially and economically, the city of Nevada has much to offer its residents. Its churches, its schools and its community activities all tend to provide a healthful, wholesome atmosphere, important, alike, to young and old.

Nevada is a city of beautiful trees. Its well-kept lawns and attractive homes reflect the spirit of friendliness for which its people are noted. Nevada may well be called "The City Beautiful."

# Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

## *If You Cash Checks for Others*

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

## *If You Get Checks Cashed*

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

NEVADA DIRECTORY OF HOUSEHOLDERS (1956)

## POLK'S NEVADA

Directory of Householders, Occupants of Office Build-  
ings and Other Business Places, Including a  
Complete Street and Avenue Guide

### 1956

Copyright, 1956, by R. L. Polk &amp; Co.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

# *The Polk Market* **picks new-car buyers out of the crowd**

To meet today's fierce competition, automobile advertisers and their agencies recognize that mass advertising is not enough. Everybody is not a prime prospect for a new car, just as everybody is not a prime prospect for a truck, a tractor or a cabin cruiser.

Certainly, mass advertising is essential to create a receptive climate for new automobiles. But the complete automobile advertising program must cultivate, personally and intensively, those individuals who *can* buy . . . and who *do* buy regularly!

The Polk Market is the one medium that picks these regular new-car buyers out of the crowd and identifies them by name and address.

Then the automobile advertiser and his agency can direct personal, forceful mail advertisements to these identified new-car buyers, using The Polk Market exactly as they use other printed media.

Automobile advertisers and their agencies who have used The Polk Market have been impressed by its ability to move people into action, to identify dealerships and to buttress an entire advertising program.

Continuing research and experience prove that advertisements mailed to potential buyers gain greater attention . . . win far higher readership than any other form of printed advertising . . . tell a much more complete sales story . . . and pay off in measurable sales results — *all at a surprisingly low cost per reader-prospect!*

R. L. Polk & Co. functions in mail advertising exactly as the publisher functions in other printed media. Standard gross rates and specifications have been established by R. L. Polk & Co. when acting as the complete publisher for specific types of mail advertising campaigns. These rates apply equally to advertisers and agencies and are fully commissionable to the agency.

*We will be happy to show you how The Polk Market can help you make all your advertising dollars work more effectively. Let us hear from you.*

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

# CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.
